

The Visual Culture Center at The University of Wisconsin-Madison  
presents

Visualizing Science  
7. February until 8. February, 2008

Question posed to participants by the Eye Research Institute and the Visual Culture Center:  
What elements of an interdisciplinary partnership related to vision and visibility would you like  
to see happen on this campus? Who do you see as the potential participants and sponsors?

## New Directions in Visual Culture

New Directions in Visual Culture is made possible by a grant from the Anonymous Fund.

Visualizing Science is co-sponsored by the College of Agricultural and Life Sciences, the Eye Research Institute, the Robert F. and Jean E. Holtz Center for Science and Technology Studies, and the Departments of Art, Art History, Medical History and Bioethics, and Sociology.
